EthicalJobs.com.au Rates

To cater to the diversity of organisations advertising with us, we offer a variety of different options for posting ads on EthicalJobs.com.au.

For organisations with limited budgets and more time, our **Regular ("Do-It Yourself") service** lets you upload your ads to EthicalJobs.com.au with a minimum of fuss, and at a minimum of cost. Jobs are approved and up on the site usually within one to two working hours.

For organisations with limited time, our **Added Value service** allows you to email us your ads and let us to take the task of posting them off your hands. For a small extra fee we'll not only post your ads, we'll also optimise your job summary for search, and send you a link to approve.

Significantly, we think that if you buy something, it should be yours forever. That's why any job ad credits you purchase under any of these packages can be used at your leisure: **your credits will never expire**!

For each of our service options, we offer individual credits, packages of credits, and also an **"unlimited"** option – available exclusively for not-for-profit organisations – which lets you post as many job ads on EthicalJobs.com.au you like, for a six month period (excluding unpaid volunteer or internship ads).

Finally, any ad can be **"featured"** on the EthicalJobs.com.au homepage (in rotation with other featured ads) for the cost of one extra advertising credit. This option can be selected when posting your job ad.

Full details of these options and their pricing are shown on the following page.

If you have any questions about our rates or service, please don't hesitate to give us a call on **(03) 9419 5979** during business hours, or email us at **info@ethicaljobs.com.au**
